# Roofinox GenerationsRoof™

Made of HFX Stainless

## Description

- \_\_\_\_\_ GenerationsRoof™ is a planning service package
- \_\_\_\_\_ It includes a 60-year limited warranty on HFX Stainless\*
- \_\_\_\_\_ Three packages are available - depending on which, an individual plan is created per property with specific brackets and distances
- \_\_\_\_\_ A package consists of bracket calculation, bracket plan, snow load calculation, scheme roof layout plan, standard details and the warranty certificate.

## Three different GenerationsRoof™ packages

### Original

The package gives you 60 years of security on the reliable Original double standing seam roof made of HFX Stainless.

### Flex

In addition to the 60 years of protection of the HFX Stainless roof, this package offers the flexibility to fit the house now or in the future with roof installations (e.g. solar/photovoltaic system or brackets of any kind).

### XL

The XL package includes 60 years of security thanks to the HFX Stainless roof from an XL roofing membrane length of 10 m up to 30 m or more.

## Advantages at a glance

- \_\_\_\_\_ With the GenerationsRoof™, builders can continue to protect what is most valuable to them for generations to come - their family, home and property.
- \_\_\_\_\_ GenerationsRoof™ is precisely tailored to the building and the requirements or expectations (for the future) and planned accordingly.
- \_\_\_\_\_ A 60-year warranty on Roofinox system materials emphasises that HFX Stainless can be expected to offer the longest-lasting roof.
- \_\_\_\_\_ Well-considered advance planning provides an assurance for successful development and price security.
- \_\_\_\_\_ GenerationsRoof™ made of Roofinox HFX Stainless is available at an unbeatable price / performance ratio.

\*Details and warranty conditions can be found in the warranty certificate
